

Good Morning Sir/Maam,

You and your team is doing great job. Talking about pre-event to post-event every thing is made available with proper information.

Suggestion to Increase Online/Social Media Audience

I have been part of IGF 2021, which was awesome but still I found one thing where we need to work upon. As IGF is Internet based forum so our Online/Social Media engagement with our existing & upcoming audience should be more. Dont mind but after putting alot of good content still very few liked, Comments & watched videos on youtube.

Thats where we are still lacking behind.

I really would love to be part of such short term project with you. so we together can over come from this. As It will help us further.

Kindly let be with you on this short project.

Thank you!
Jagjit Singh
