

My second IGF

Glenn McKnight, Canada

IGF Mexico Observations

Good

- volunteer coordination
- sessions were good
- Some booths were well organized and helpful
- Was a panelist on FOSS worked very well, well attended
- snacks were great
- Diplo launch of IG book reception

Bad

- Some rooms were very crowded
- onsite registration was challenging and long despite early arrival. Many people just went right to the front of the line disregarding the patient people
- some booths didn't have any volunteers
- shuttle distance and number of shuttles
- off site parties made it difficult to network
