National Action Plans

1

2

3

4

5

Rights

- Protect the online rights and privacy of women and men in law
- Equip police and judiciary with training and resources to fight online violence
- Large-scale national awareness campaigns

Education

- Integrate basic digital literacy in school curricula at all levels
- Expand digital literacy beyond technical skills
- Equip female micro-entrepreneurs with digital capabilities.

Access

- Achieve the Alliance for Affordable Internet 1 for 2 affordability target
- Expand free Internet access in public places
- Free or subsidised basic data allowance focused on women

Content

- Prioritise local-language data, info and services that empower women
- Audit government websites to assess their gender relevance

Targets

- Adopt concrete ICT gender equity targets, backed by adequate budgets
- Collect ICT data disaggregated by gender, income, and location.
- Develop new indicators to measure ICT's impact on women's empowerment
