**V. Contact US**

## **About**

Due to the COVID-19 outbreak, the IGF Peru was held 100% online as previously done in 2020. Despite this situation, the organization process continued to comply with the main criteria of the Internet Governance Initiatives: Bottom-up organisation, openness, transparency, inclusiveness, multistakeholder approach and non-commercial.

## **I. Organizing Committee (OC)**

**Carlos Guerrero**

Instituto para la Sociedad de la Información y Cuarta Revolución

Industrial (ISICRI). Academy. Contact email: [isicri@ulasalle.edu.pe](mailto:isicri@ulasalle.edu.pe)

## II. Description of the organizing process

As in previous editions, the Organizing Committee (OC) of the previous year met in mid-2021 to discuss the possibility of organizing a new edition of the Peruvian Internet Governance Forum (IGF Peru). On this occasion, a new organization representing the academy (ISICRI) joined the OC. Due to its availability of time and resources, ISICRI was appointed as the main event coordinator.

The OC conducted private and public consultations within their stakeholders to define the agenda and the speakers, always looking for balance and considering diversity criteria (gender, sector, political views, etc.). Through the event registration form, the participants were also invited to propose speakers and submit side-events proposals (workshops, lightning talks) based on the agenda.

The previous experiences of the 2016-2020 Peruvian IGFs were used to improve the online participation and reinforce our commitment with the Internet Governance principles of openness, inclusiveness, non-commercial, and multi-stakeholder participation.

As in the 2020 edition, the event was open to the public, free of charge and was widely disseminated in social media. The event was broadcasted using the [Facebook fanpage IGF Peru](#).

At the end of the conference, the videos of all the panels were posted on the official website of the event [www.gobernanzadeinternet.pe](http://www.gobernanzadeinternet.pe).
