BPF on the use of norms to foster trust and security

- **3 parallel work streams**
 - WS1: Mapping of cybersecurity agreements (continuation of last year's work and deeper dive into the drivers of cyber norms).
 - WS2: Testing norms concepts against Internet events.
 - WS3: Outreach and cooperation with other IG(F) initiatives.
- **Work plan**
 - Work plans of the three work streams are summarized on the [webpage](#). The work streams work in parallel and regularly update on progress during BPF Update meetings. (dates on the webpage)
- **Participate**
 - A public call for volunteers to sign up to the work streams was launched on the BPF webpage and mailing list. Contact if you wish to join one of the work streams.
 - Subscribe to the BPF mailing list ([subscribe here](#)).
- **Meetings and next steps**
 - The BPF had its kick-off call on 29 April (recording and slides on the webpage).
 - Next BPF Update call: **Thursday 1 July at 6:00 am UTC** ([register here](#)).
 - The BPF Update calls alternate between 6:00 and 15:00 UTC to better accommodate different time zones.
 - The BPF will organise a workshop at IGF2021 and publish an output report .
