

IGF 2026

Dynamic Coalition Coordination Group (DCCG)

Virtual Meeting | 19 February 2026

Summary Report

The meeting focused on brainstorming the future role of Dynamic Coalitions (DCs) within the evolving IGF framework, including their positioning in light of the IGF's permanent mandate, as well as reviewing the status of DC reporting and coordination efforts.

I. Adoption of the Agenda

The agenda was adopted as proposed and is available in Annex I. The call was moderated by the DCCG co-facilitators Markus Kummer and Jutta Croll. The list of participants is attached as Annex II.

II. The IGF going forward – brainstorming

Participants held an in-depth brainstorming discussion on the future role of Dynamic Coalitions within the evolving IGF framework. It was emphasized that DCs should position themselves more strategically and contribute more proactively to IGF processes.

Participants noted that DCs bring continuous intersessional expertise and can serve as a source of emerging policy insights. There was broad agreement on the need to improve the visibility of DC outputs and strengthen their integration into IGF programming, including MAG processes and intersessional work.

Suggestions included identifying priority thematic areas, producing concise and accessible outputs, and enhancing collaboration across DCs on cross-cutting issues. The importance of maintaining momentum through regular exchanges and coordinated activities was also highlighted.

III. DC reports – stocktaking

The Secretariat provided an update on the status of annual reports submitted by Dynamic Coalitions. While a majority of DCs are compliant with reporting requirements, a number of DCs have not submitted reports.

Participants discussed the importance of transparency and accountability, while recognizing the voluntary nature of DC engagement. Possible follow-up measures were considered, including outreach to non-reporting DCs and the establishment of clear deadlines.

IV. AOB

Under Any Other Business, participants agreed to continue the brainstorming discussion and to prepare inputs ahead of the next meeting. The Secretariat will circulate a poll to schedule the next DCCG call.

V. AOB

Participants agreed to use the next call to discuss what it means for Dynamic Coalitions to operate in the evolving IGF environment (“the DCs in the new world”), and to prepare that discussion by collecting suggestions in advance via the mailing list. A question was raised about the prior “gamification” idea; it was noted that the effort had not progressed and further proposals would be welcome. The Secretariat will circulate a Doodle poll to schedule the next DCCG call for mid/late February, with an expectation of a 90-minute duration.

Next Steps

1. IGF Secretariat (with support from volunteers): Reach out to Dynamic Coalitions that have not submitted annual reports to confirm their activity status.
2. IGF Secretariat: Maintain clear reporting timelines and provide regular updates on submitted reports.
3. IGF Secretariat: Consider follow-up measures for inactive or non-responsive Dynamic Coalitions.
4. All participants: Contribute suggestions on priority issues and thematic areas for future discussions.
5. IGF Secretariat: Circulate a poll to schedule the next meeting.
6. All participants: Prepare inputs for the next discussion on the role of DCs within the evolving IGF framework.
