About

After the success of the previous two editions, we decided to have a one year pause to rethink the organization of the Peruvian IGF in order to improve the achieve of the Internet Governance Principles.

The whole organizational process was conducted in accordance with the main IGF criteria and established procedures, as explained below.

I. Organizing Committee (OC)

The OC composition refers as following: Full names with affiliations and stakeholder groups:

Marushka Chocobar. Presidencia del Consejo de Ministros-Secretaría de Gobierno Digital. Government. Contact email address: mchocobar@pcm.gob.pe

Elaine Ford. Democracia Digital – D&D Internacional. ISOC Peru. Civil Society. Contact email address: eford@ddint.org

Maritza Agüero. Centro de Gobernanza de Internet de la Universidad San Martín de Porres. Academy. Contact email address: Myaguero@msn.com

Sandro Marcone. Ingenio Learning. Academy. Contact email: smarcone@yahoo.com

Rolando Toledo. Red Cientifica Peruana. Technical Community. Contact email address: rt@rcp.pe

Carlos Guerrero. Hiperderecho. Civil Society. Contact email address: carlos@hiperderecho.org

II. Description of the organizing process

a) The section below indicates the full list of the main organizers:

Marushka Chocobar. Presidencia del Consejo de Ministros-Secretaría de Gobierno Digital (SEGDI). Government. Contact email address: mchocobar@pcm.gob.pe

Elaine Ford. Democracia Digital – D&D Internacional. ISOC Peru. Civil Society. Contact email address: eford@ddint.org

Maritza Agüero. Centro de Gobernanza de Internet de la Universidad San Martín de Porres (CGI-USMP). Academy. Contact email address: Myaguero@msn.com

Sandro Marcone. Ingenio Learning. Academy. Contact email: smarcone@yahoo.com

Rolando Toledo. Red Cientifica Peruana. Technical Community. Contact email address: rt@rcp.pe

Carlos Guerrero. Hiperderecho. Civil Society. Contact email address: carlos@hiperderecho.org

b) The Process:

In representation of the 2017 OC, the NGO Hiperderecho organized an Invitation Only Meeting in September (2019) with some of the

other 2017 OC members (Red Cientifica Peruana and D&D Internacional) and invited three new organizations that showed interest to be part of the new OC (CGI-USMP, Ingenio Learning and SEGDI). After the first call it was decided to establish a new Organization Committee and the leadership was given to the NGO Hiperderecho both in logistic and the agenda making.

The agenda for this edition were defined based on private consultations and public polls conducted between September and November of 2019. At the end of consultation period, the OC drafted the agenda, which final version was defined on November. Speakers were invited using the inputs and recommendation of OC members, but also through the registration form the public was invited to propose speakers for the topics of the agenda.

c) Description of how the multistakeholder model is maintained:

The experience of the 2016-2017 National IGFs of Peru were used to improve the participation of new actors and reinforce our commitment with the Internet Governance principles of openness, inclusiveness, non-commercial, and multi-stakeholder participation.

The OC conducted private and public consultations within their stakeholders to define the agenda and the speakers, always looking for a balance and considering diversity criteria.

As the previous years, the event was open to the public, free of charge and was widely disseminated in digital media. Also, in this edition we had live streaming and offered a lunch service for all the assistants.

At the end of the conference, the videos of all the panels were posted on the official website of the event www.gobernanzadeinternet.pe
