PNMA MWG MEETING II

Agenda

1. Introduction of new MWG members
2. 2nd MAG Meeting: summary
3. 2023 process: survey results and priorities
4. 2023 process: work plan and timeline
5. Ways of working: roles & responsibilities
6. Next steps & AoB
INTRODUCTION OF NEW MWG MEMBERS

Welcome!
2ND MAG MEETING: SUMMARY

10 – 12 July 2023, Geneva

- Online attendance: Daphnee and Giacomo
- In-person attendance: Neema
- General impressions
- Intersessional activity (DCs and PNs/BPF)
- PNMA process update
- Leadership Panel meeting on 13 July
2023 PROCESS: SURVEY
RESULTS AND PRIORITIES

Open from 22.06 to 24.07.2023

Demographics

Please choose your preferred workstream

- Connectivity (infrastructure and business models for meaningful access, analysed within the framework of the Roadmap for Digital Cooperation)
- Digital Inclusion (accessibility and multilingualism), with special attention to local contents in local languages, helping the digital transition of existing...
- Capacity Development (technical skills training) at all levels, for all players (governments, communities, infrastruc...
2023 PROCESS: SURVEY RESULTS AND PRIORITIES

Priorities presented in June 2023 (tbd via survey)

A. Focus the PNMA work on project implementation lessons and policy/regulatory conditions that supported the achievements previously collated, on a multisectoral approach and under the lens of intersectionality, scalability, and localisation.

B. Actively promote the good practices that have been identified by the Policy Network in the 3 focus areas across all the stakeholder groups and through the Digital Cooperation initiative. The network of the Leadership Panel could be tested at this occasion; the assistance of the IGF Secretariat in order to establish a direct line of communication with the LP is absolutely indispensable.

C. Under the guidance and assistance of the IGF Secretariat, open a permanent dialogue between the PNMA community and institutional partners (such as the EU, the AU, and the OAS), in order to involve them directly in the PNMA activities and to encourage projects’ replication and adaptation in other countries or regions, with active participation of local actors.

D. Promote examples of said regional initiatives (e.g., starting in Africa) to improve awareness about meaningful access and the policies that could support such practice (as indicated in the PNMA 2022 final output and main session reports from Addis Ababa).

E. Bring all the achievements and solutions identified through the PNMA activities into the future Digital Compact Initiative, and effectively contribute to the roadmap leading to the Summit of the Future 2024 and the WSIS+20 and IGF+20 processes.

F. Keep the repository of the identified successful practices functional over time, to create a reference point for all activities in the field of meaningful access.

G. Amplify the voices of least advantaged groups in the public debate on meaningful access (Youth, NRIs, Women, LGBTQIA+, Indigenous, People with Disabilities).

H. Monitor implementation of the processes previously identified as benchmarks and good practices in their region of origin and, eventually, in other regions inspired by the same process.
Survey replies point out to the following priorities, in order of most to least voted.
**2023 PROCESS: SURVEY RESULTS AND PRIORITIES**

Survey replies point out to the following priorities, in order of most to least voted.

**Priority 1: A, B, E, H combined (5 votes, 5 votes, 4 votes, 4 votes)**

**A.** Focus the PNMA work on **project implementation lessons and policy/regulatory conditions** that supported the achievements previously collated, on a multisectoral approach and under the lens of intersectionality, scalability, and localisation.

**B.** **Actively promote the good practices** that have been identified by the Policy Network in the 3 focus areas across all the stakeholder groups and through the Digital Cooperation initiative. The **network of the Leadership Panel** could be tested at this occasion; the assistance of the IGF Secretariat in order to establish a direct line of communication with the LP is absolutely indispensable.

**E.** **Bring all the achievements and solutions identified through the PNMA activities into the future Digital Compact Initiative**, and effectively contribute to the roadmap leading to the Summit of the Future 2024 and the WSIS+20 and IGF+20 processes.

**H.** Monitor implementation of the processes previously identified as benchmarks and good practices in their region of origin and, eventually, in other regions inspired by the same process.

**Priority 2: G (8 votes)**

**G.** Amplify the voices of least advantaged groups in the public debate on meaningful access (Youth, NRIs, Women, LGBTQIA+, Indigenous, People with Disabilities).

**Priority 3: C (4 votes)**

**C.** Under the guidance and assistance of the IGF Secretariat, open a **permanent dialogue between the PNMA community and institutional partners** (such as the EU, the AU, and the OAS), in order to involve them directly in the PNMA activities and to encourage projects’ replication and adaptation in other countries or regions, with active participation of local actors.

**Priority 4: D (3 votes)**

**D.** Promote examples of said regional initiatives (e.g., starting in Africa) to improve awareness about meaningful access and the policies that could support such practice (as indicated in the PNMA 2022 final output and main session reports from Addis Ababa).

**Priority 5: F (2 votes)**

**F.** Keep the repository of the identified successful practices functional over time, to create a reference point for all activities in the field of meaningful access.
2023 PRIORITIES: DISCUSSION
IGF 2023 Policy Network on Meaningful Access
Work Plan

Introduction

The concept of meaningful access has emerged in response to the evidence that even when people have connectivity, they might not be benefiting from the Internet. How one gets connected to the Internet is an important challenge to the experience that person will have once they are more so to the community/country in which they live. While access to internet is certainly a priority, so too is the question of how and what the person does with it.

Planned outputs

Based on the methodology, a few outputs are expected at the end of the 2023 process; these are listed below as end results from the selected priorities.

- **[All priorities and discussions, including 2023 IGF PNMA session in Kyoto]** An informative output report that explores the Policy Network’s activities in depth and connects it with the appropriate IGF 2023 subtheme - Digital Divides and Inclusion. The production of said manuscript includes the following activities, not exclusively:
  - A follow-up survey with the selected 2022 cases, monitoring their implementation/scaling along the year
  - Follow-up and review of the key policy issues raised in the 2022 output report
  - A report section on intersessional work with Youth IGF, DCs, and/or NRIs

- **[Priority 1, supported by output report]** Contributions to the GDC process and to the preparation of the Summit of the Future 2024, starting from the
2023 PROCESS: TIMELINE

- **June - October:** development of the work plan
  - Monthly PNMA MWG meetings for discussion of the output report
    - Might include public consultations, follow-up surveys, additional networking meetings
  - Discussions on effective approach to the future Digital Compact Initiative and following UN activities
  - Preparatory steps to PNMA session in Kyoto
  - Identification of opportunities for PNMA representation in other IGF main sessions
  - Operational tasks and community engagement

- **10 – 12 July:** 2nd Open Consultations and MAG meeting

- **10 September:** submission 2023 output report (DRAFT)

- **20 September:** deadline for public feedback on draft

- **4 October:** submission 2023 output report (ADJUSTED) PNMA session in Kyoto defined

- **8 – 12 October:** IGF 2023 Kyoto (day session tbd)

- **19 October:** submission PNMA session report

- **30 October:** submission 2023 output report (FINAL)
## 2023 PROCESS: ROLES & RESPONSIBILITIES

NEXT STEPS

- Publication of final version 2023 work plan and timeline along working documents
- Set up of internal working groups following focus areas/activities
- Share working materials with WGs
- Updates on PNMA webpage to make room for 2022 best practices display

- **Next meetings (60 min only):**
  - 10 August 12 noon UTC (Asian time zones)
  - 24 August 15:00 UTC (African time zones)
  - 2 more in September
  - 1 in October by 02.10 at the latest

- AOB

Thank you for joining!
